FEDEGARI

ONLINE

TRAINING

From the experience of face-to-face training, due to the last events, we have created a completely **online training program!**

Are you looking for online training?

Do you know how to use **F0** and how to implement it according to your **load density** or **product composition**?

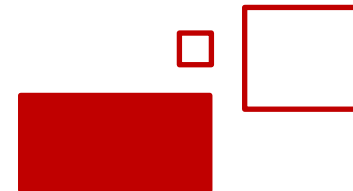

How to choose the suitable **Biological indicators** in the **Validation Process**?

Through our **online training** we can provide you all our experience in the **Sterilization world** achieving better results from your machine, directly at home!

Fedegari online training

Fedegari training course is based on a **dedicated online platform** on our website.

All you need is a PC, Tablet or Smartphone to access to the contents and test your skills.

FEDEGARI
GROUP
